POLICY

The Hospital will maintain Accreditation by Accreditation Canada. The Board will support the Hospital in applying for and participating in the Accreditation process.

PURPOSE

This policy affirms the importance of Accreditation and sets out procedures to support the Board's monitoring and participatory roles in the Accreditation process.

PROCEDURE

The Board will participate in the governance component of the Accreditation process by completing written surveys and interviews. The responsibility for the Accreditation preparation rests with the Governance Committee. All Directors will participate in accreditation as required.

The Board will receive timely status reports during the Accreditation process.
